

MONARCH FOOD DRIVE

Monarch Elementary's Student Council will be sponsoring a food drive. This program helps families that are homeless within Greenville County School District. All of the canned & nonperishable foods collected go right back to families within our community. This year the number of those in need of assistance has increased tremendously and GCSD needs help stocking their pantry full of food items to help our local families!

Any students who bring in canned or nonperishable foods, can wear their pajamas on Tuesday, November 20th!
